Repair works on the quay at Il-Bajja tal-Balluta in Il-Bajja ta' San Giljan

The Ports and Yachting Directorate, Transport Malta notifies mariners and the general public that repair works will be carried out on the quay at Il-Bajja tal-Balluta in Il-Bajja ta' San Giljan.

The works will start on Monday 13th January 2020 and is expected to be completed by Tuesday 31st March 2020.

The vessels MV Gold Dredger and MV Goldfinder will be used during the works.

A silt curtain will be laid along the imaginary line joining points A, B, C and D (approximately 10m from quay) as shown on attached chart.

Owners of vessels that are moored or have a mooring within the area of 10 meters from the quay, are to remove such moorings and associated ground tackle with an immediate effect and not later than Sunday 12th January 2020.

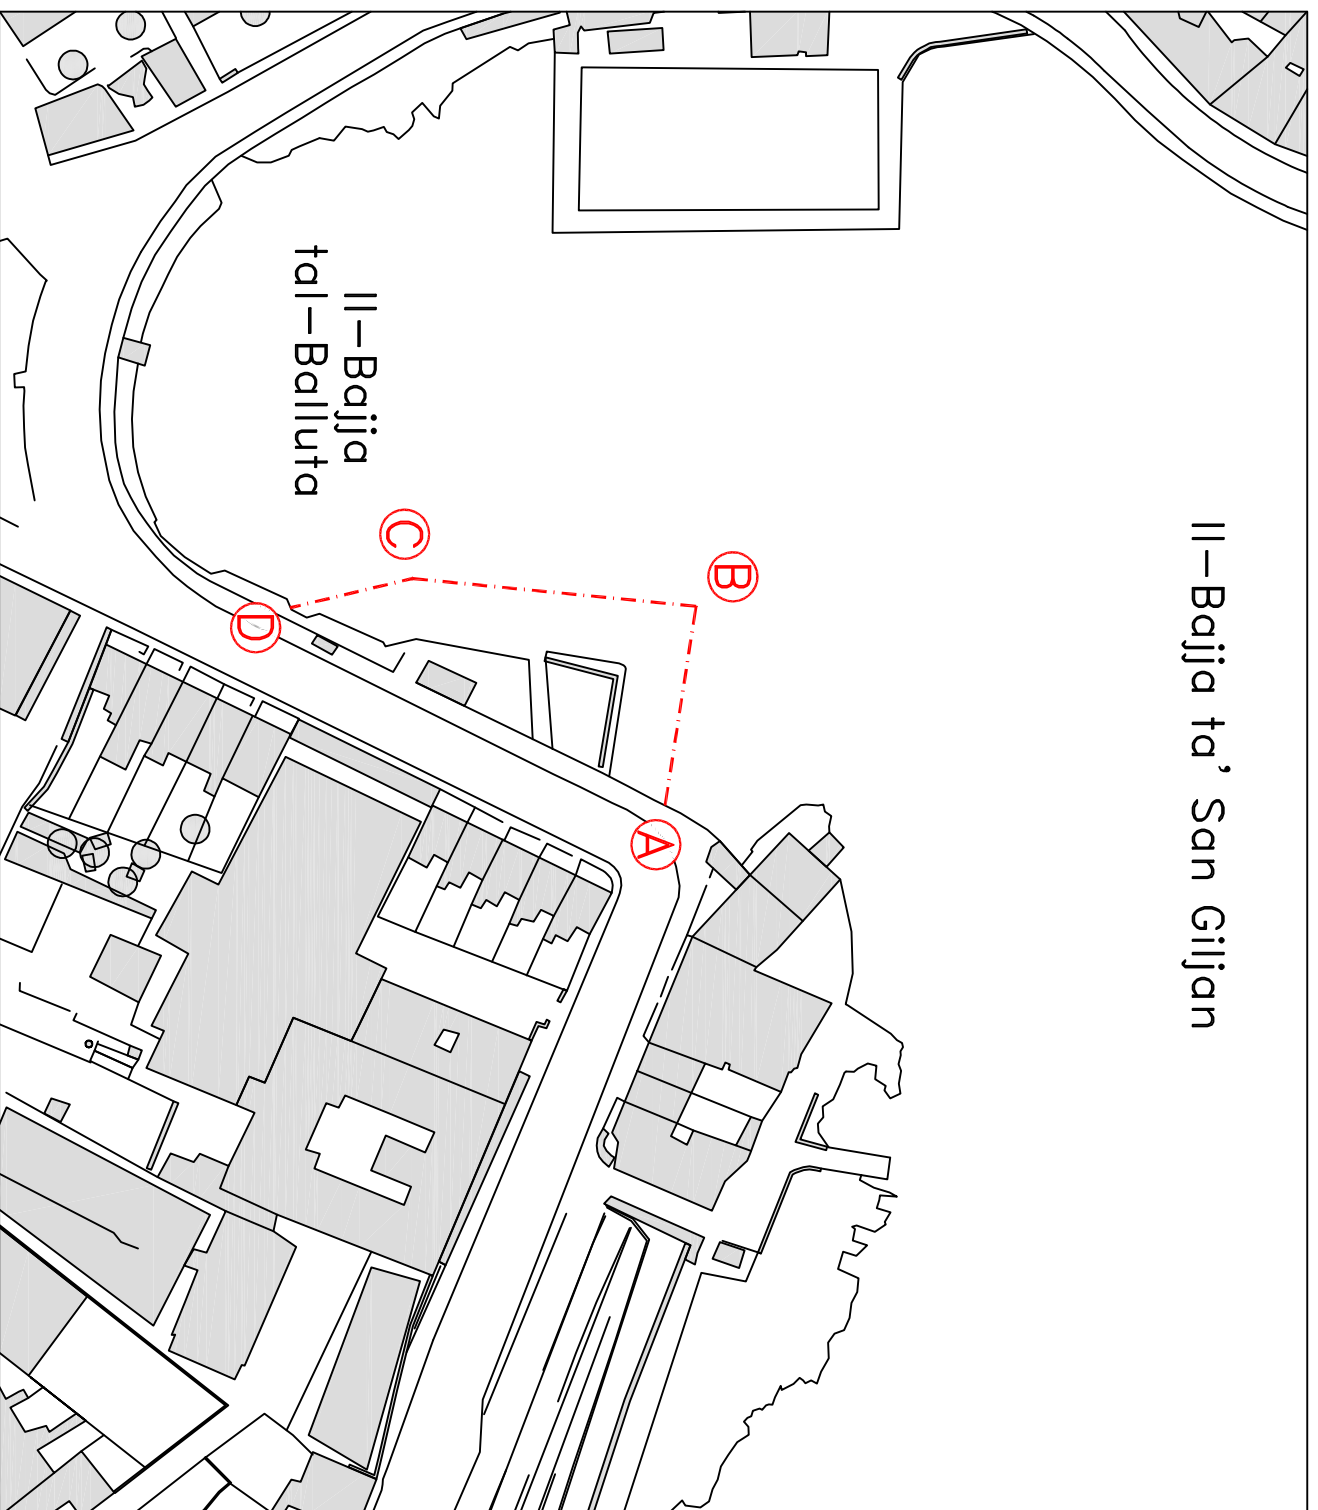

Any vessels and moorings that are left in this area will be removed at the expense of the owner. No liability whatsoever will be accepted by the Authority for any damage that may be caused while removing the said vessels and moorings.

The quay cannot be used during this period due to the silt curtain. Masters and vessel operators are instructed to give way to the above mentioned vessels. They are to keep a sharp lookout and navigate at very slow speed (no wake) during the above mentioned dates.

All vessel operators are to comply with any instructions as given by Valletta Port Control (Valletta VTS) on VHF channel 12.

Chart affected: **BA 177**
