Moorings within Xemxija (Il-Bajja ta' San Pawl)

The Ports and Yachting Directorate, Authority for Transport in Malta, hereby notifies all mariners that the works described in Local Notice to Mariners 016/2021 have been suspended for an indeterminate period.

Further to Local Notice to Mariners 048/2021, the Authority has demarcated the different areas in this area with the appropriate buoys and special markings.

All mariners are advised that the area bounded by the imaginary lines A, B, C and D (as shown on attached chart) is under the control and management of the Authority and in this respect, no mooring, berthing or anchoring is allowed within such area unless such is covered by a permit or other authorisation of the Authority.

Mariners are advised that those having a vessel berthed, moored or a mooring in this area, and wish to avail themselves of such facility, they are to submit an application to the Authority for its consideration on the applicable Application for a Temporary Mooring Permit Form, which can be downloaded from the Authority's website [*Form TM/PYD/078 Issue 1*]. Together with the application form, the applicant must submit documentary evidence that he/she were using a berth or mooring within the area over the past five years, including the GPS coordinates of such berth or mooring and the named vessel to be berthed or moored and the other documentation listed. Should the Authority accept the application, a temporary authorisation will be issued for the period of six months, and renewable for periods of six months each at the discretion of the Authority, until the planned works commence. The normal moorings-related terms and conditions will also be applicable.

Mariners are further advised that any authorisation may be terminated by the Authority at any time prior to expiry of the six-month periods by giving an advance notice in writing to the holder of such termination.

Transport Malta

For the avoidance of any doubt, the authorisation shall be limited to the berthing or mooring of a named vessel with the identified berth or mooring. This authorisation and any rights associated therewith shall terminate immediately on the termination date of such authorisation. It is expressly being advised that such authorisation does not entitle the holder thereof to any rights whatsoever over the berth or mooring, or to continue berthing or mooring the vessel within this area or within any other area, including any right of first refusal or other preferential treatment.

Applications must be submitted to the Moorings and Berthing Unit of the Authority by 11th June 2021 as per following details:

Moorings and Berthing Unit
Malta Transport Centre
Triq Pantar, Lija. LJA 2021.

Telephone numbers: 25554141 / 25554142 / 25554145 / 25554427

E-mail: moorings.tm@transport.gov.mt

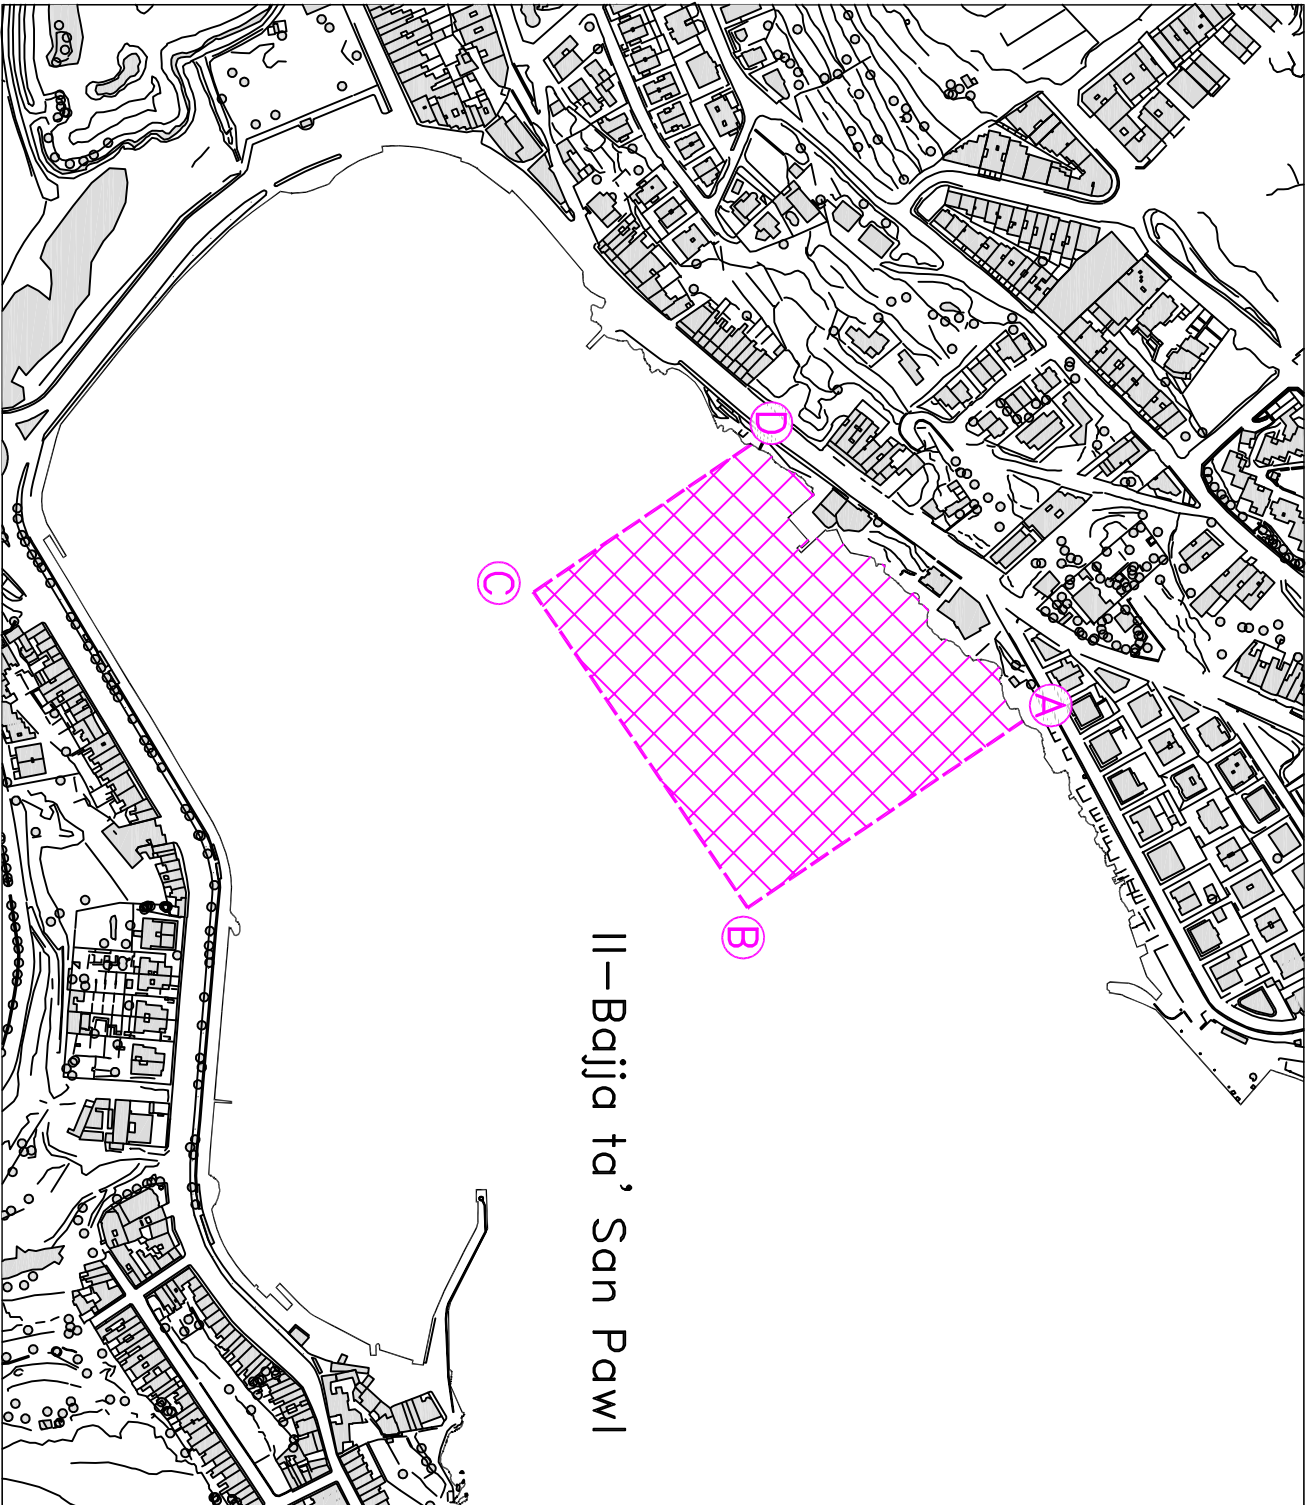

Opening hours: Monday and Wednesday: 07:30 – 14.00 hours
Tuesday, Thursday and Friday: 07:30 – 12:00 hours

Owners and vessels that are berthed or moored or have a berth or mooring within this area, who are not covered by any permit or other authorisation by the Authority, have already been advised to remove such in line with the provisions of Local Notice to Mariners 048/2021.

Furthermore, mariners are reminded that it is prohibited to lay any moorings and ground tackle without the prior permission of the Authority.
