### **Berthing and mooring of Vessels along breakwaters, and jetties, and the proper use of slipways**

The Ports and Yachting Directorate, Transport Malta, notifies mariners and users of sea craft that jetties, quays, wharves, and breakwaters are to be used solely for loading/unloading and for the embarkation/disembarkation of passengers and are to be kept clear at all other times.

Slipways are to be used solely for the launching and recovery of vessels and, when not in use for that purpose, they are to be kept unobstructed at all other times.

Double banking of unmanned and/or unattended vessels moored alongside such landing places, for any length of time, is not permitted.

Any owner or operator of a vessel which, for any reason, must remain securely berthed alongside, shall obtain from the Authority the necessary authorization, or permit and shall comply with the stipulated conditions.

Failure to comply with the above notice may result in administrative or legal action as applicable.

This notice is issued in terms of the Berthing Regulations SL (10:30) and without prejudice to other directives, legislation and permits issued by the Authority.

Local Notice to Mariners No. 003 of 2020 of Transport Malta is hereby **CANCELLED**.
