### **Repair works on the breakwater next to the Delimara Power Station - Il-Bajja ta' Marsaxlokk**

The Ports and Yachting Directorate, Transport Malta, notifies mariners and the general public that repair works will be carried out on the breakwater next to the power station in Il-Bajja ta' Marsaxlokk.

The works on the breakwater will commence on Monday 15<sup>th</sup> May 2023 and are expected to be completed by Monday 31<sup>st</sup> July 2023.

A work area formed by the imaginary lines joining the points A, B, C and D and the intermediate coastline, as shown on the attached chart, will be established.

A silt curtain will be laid round the breakwater, within the above-mentioned area.

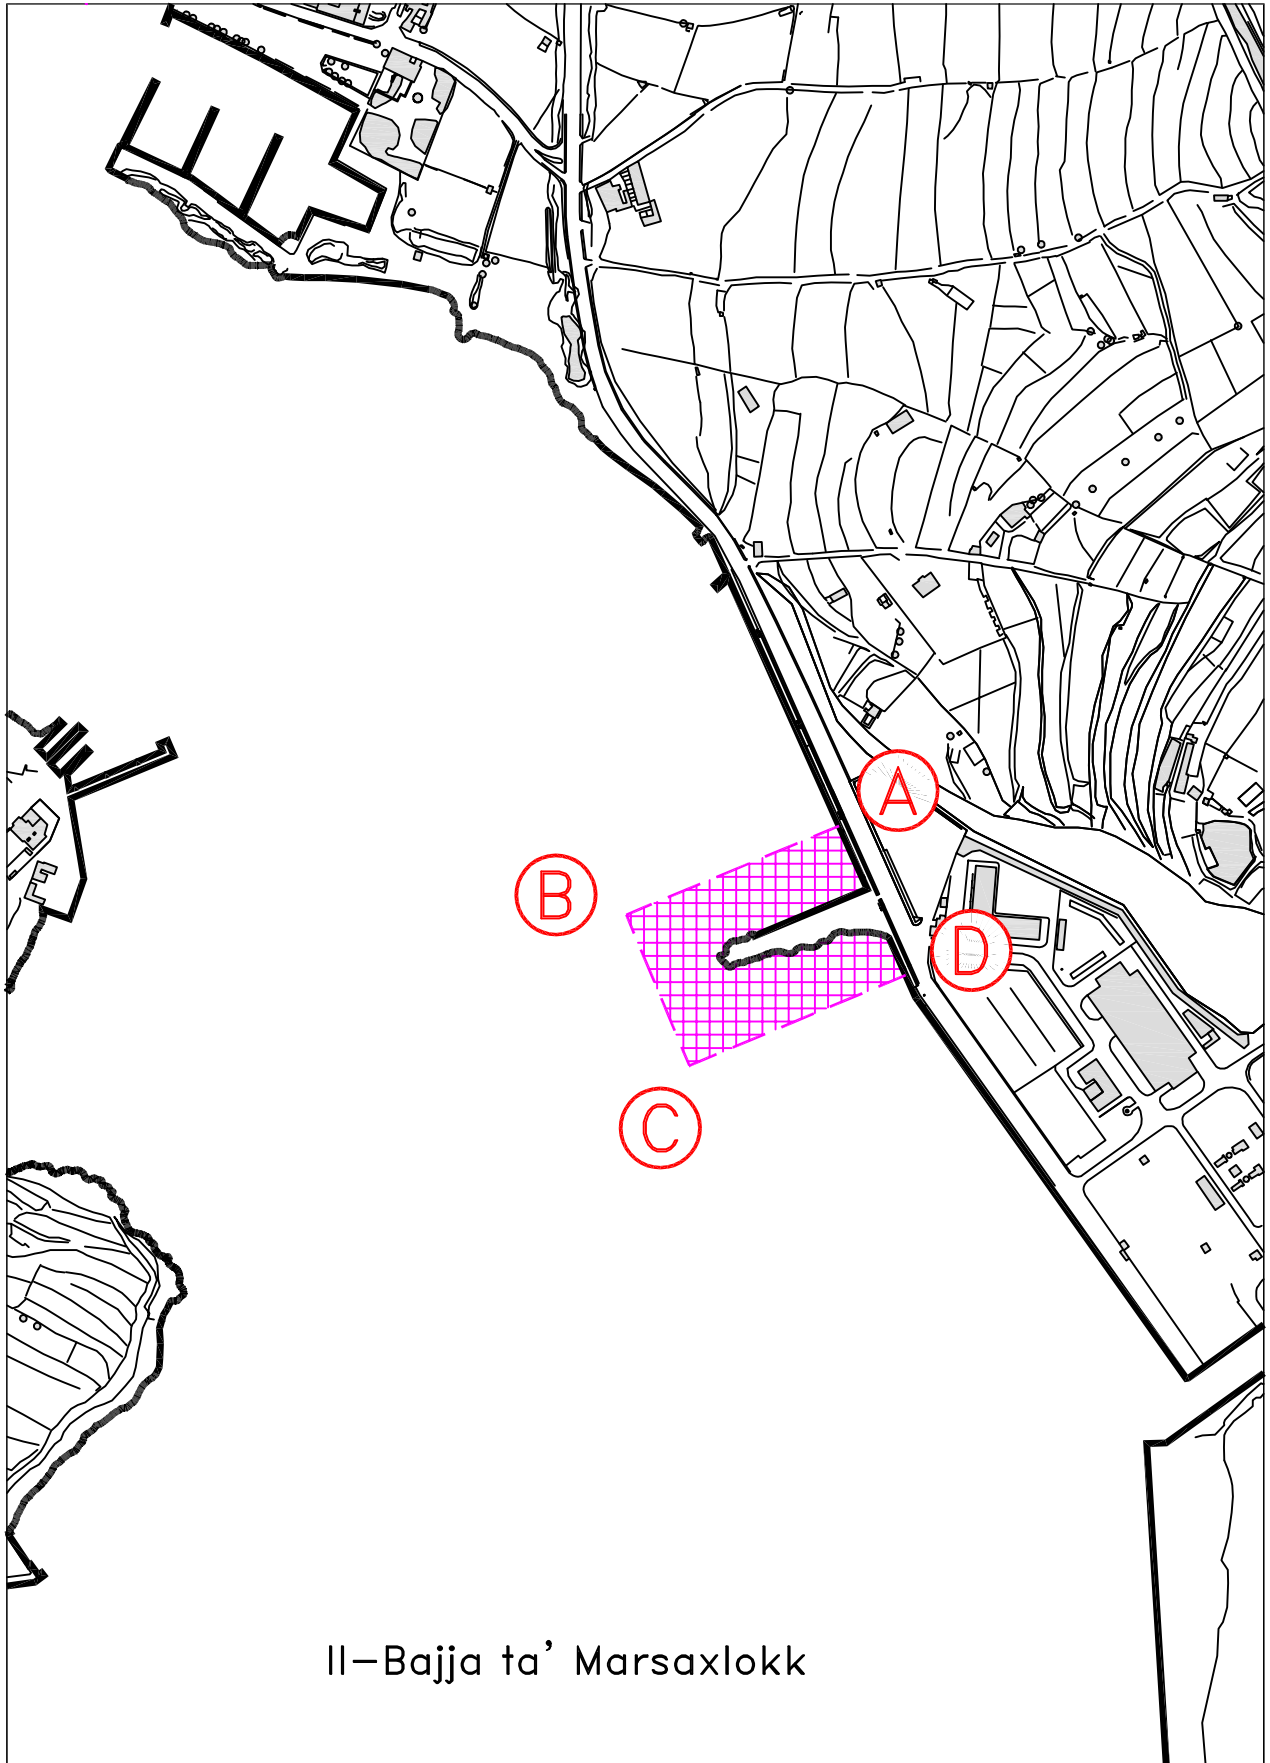

Mariners are to note that due to these works the breakwater cannot be used from landward and from seaward throughout the duration of the works.

The works will be carried out with the use of various vessels and equipment. Scuba divers who will be assisting in the works, will be displaying the International Code of Signals flag "A".

Mariners and vessel operators are to navigate with caution and at slow speed (no wake) when in the vicinity. They are to co-operate with the contractor on site.

Mariners are to comply with instructions issued on VHF channel 14 and/or 16 by Marsaxlokk VTS.

Chart affected: **BA 36**
